

## Sub-processor List

---

### **Authorized Sub-processors for the OwnBackup Service**

Welcome to OwnBackup's Sub-processor repository page where we maintain a current list of sub-processors authorized to process personal data for OwnBackup's Service. For purposes of transparency and clarity, we are identifying Affiliates and Subcontractors that process personal data as part of the delivery of our Service.

OwnBackup performs due diligence on the information security practices and data protection compliance of all third-party Sub-processors and requires each to commit to written obligations regarding their security controls and applicable regulations for the protection of personal data, including safeguards to govern international transfers of data.

<b>Sub-Processor Name</b>	<b>Nature of Processing</b>	<b>Location(s) of Processing</b>
OwnBackup Limited	Customer support and maintenance	Israel
Amazon Web Services, Inc.	Application hosting and data storage	United States, Canada, Germany, United Kingdom and/or Australia, as selected by Customer
Microsoft Corporation	Application hosting and data storage (Azure)	Netherlands, if selected by Customer

Please note that this is a list of all Sub-processors that are used in conjunction with delivery of the OwnBackup Service. Depending on the customers selections some Sub-processors and/or Location(s) of Processing may not apply.
